TO LUBRECHT FOREST  
TRAIL SYSTEM

The Resort at Paws Up® offers more than 30 miles of marked trails for hiking on your own or with an informative naturalist guide. Choose from a variety of themed excursions throughout Paws Up's 37,000 acres. Your senses will come alive when you see the legendary Blackfoot River, hear the charming babble of Elk Creek, smell stands of towering Montana pine, scale rolling hills and cross expansive meadows. Our naturalist guides will enlighten you with information about native plants and wildlife, the history of the Blackfoot Valley and more. Learn how the Anaconda Copper Mining Company impacted the town of Sunset, about the celebrated history of the Blackfoot River and of course, the fascinating tales of Lewis & Clark and their place in Montana history. These educational hiking experiences may only last a few hours, but you'll remember them for a lifetime.
